3. Decide if using the site is the right choice for you.
4. If you decide to use the library elf, you can click on the "sign up today (free)" button which is about midway on the page.
5. Once you have done that you will be able to enter your email address, name and choose a password.
6. At this point you will be prompted to enter your library card number, pin, and choose the library you are affiliated with. 8. Don't forget to check your email and click the link in your message from library elf in order to complete your registration!

The screenshot shows the Library Elf website. At the top, there is a purple banner with the text "ELF - keeping tabs on your library material". Below this is a section titled "Track your library books" with a paw print icon. Underneath, it says "Let Elf help you manage your library loans and holds". There is a dark blue box with white paw prints and a list of benefits: "Avoid overdues with email alerts", "Check multiple library cards", "Track books, DVDs, CDs, videos, etc.", and "Join for free".
